

The Dorset Committee is piloting virtual drop-in sessions to help you connect with your local LMC representative(s)

Meet Your DORSET LMC Representative. Join Our Virtual Drop-In Sessions over Teams.

You are invited to our informal sessions to...

- Discuss local or national issues affecting you and your practice.
- Ask questions.
- Identify items for the Committee meeting in September.
- Build stronger relationships with your representative(s).

No appointment/slot is needed, just drop in and have a conversation.

WESSEX
Local Medical Committees

We believe strong representation is built on open communication and meaningful relationships, and we are keen to see if holding drop-in sessions strengthens the connection between Committee Members and the practices they represent.

***Your voice matters!
These sessions ensure your concerns
and ideas are heard and represented at
a local and national level.***

Why join?

Your representatives will share with the LMC Team and Committee feedback from these sessions, to inform the Committee agenda for September and to also reflect on how the drop-in sessions have worked.

This will help identify how we go forward with the concept of drop-in sessions for the future.

**Thank you for helping us shape the
future of local representation.**

**We look forward to seeing you at a
session soon.**

The Committee of the Dorset LMC meets 6 times a year, and its constitution allows for the following members to be elected, nominated, co-opted or invited:

- 23 Geographical GP members, elected from 6 constituencies
- 2 Sessional GP seats (Elected)
- An additional 5 GPs to represent a particular area of expertise not otherwise represented on the Committee (Co-optees - 2 of these are reserved for GPs in First Five Years)
- An additional 5 Invitees who hold particular expertise of relevance to the committee (Invitees)
- 1 Trainee GP (Invitee)
- The Chief Executives of Wessex LMCs (Co-optees)
- 1 Representative from the General Practitioners Committee of England (Invitee)
- 1 additional Sessional GP (Co-optee)
- 1 GP Representative from the Out of Hours Service (Invitee)
- 1 Educational Representative (Invitee)
- 1 Military Invitee (Invitee)
- The Committee can also have 2 Practice Manager Invitees (Invitees)

The Committee can also invite 'Observers', who may participate in the debates, but do not have a vote, and in Dorset these include all Directors of the Wessex LMCs.

Elections are held every two years under the terms of the LMC constitution, and all GP Members are eligible for nomination and election. Sessional GPs i.e. those who are not Partners, may choose to stand in their geographical area, or for sessional seats.
